& VIDEOGRAPHY

Every wedding is full of beautiful, natural, fleeting moments, so let us capture yours

ABOUT ME

Hey, I'm Mark, but everyone calls me Happy Bob!

I'm a multi award-winning passionate storytelling, photographer and videographer, with over 20-years of photographic experience.

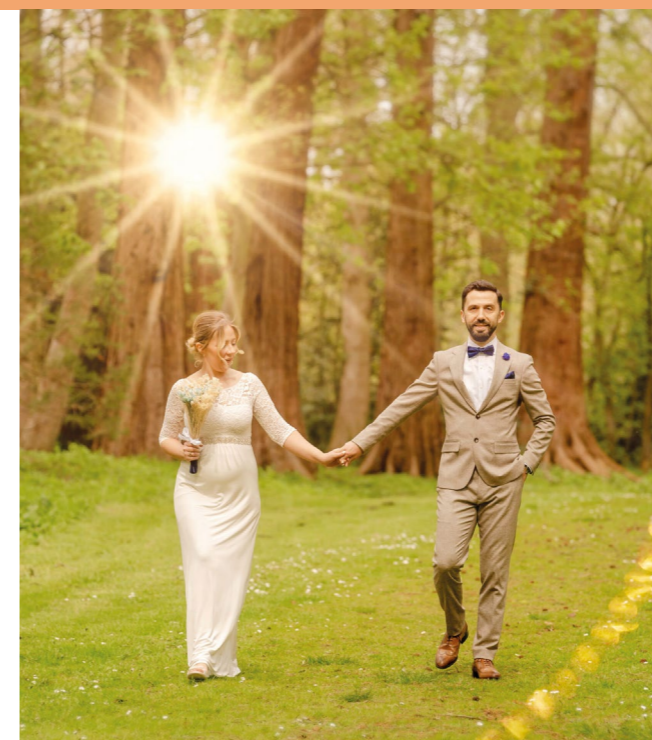

Based in Peterborough, UK – although I do travel all over the county and to destinations if needed – I will go to the ends of the earth to ensure your precious moments are documented, ensuring you'll be able to replay your story over and over.

My motto is that every wedding is full of beautiful, natural, fleeting moments, and being a 'documentary-style' photographer, this means that you'll have photos that will perfectly detail and reflect the day as it naturally unfolds. Allowing you and your loved ones to return to that perfect, special day for many years to come.

Natural, artistic candid images that will authentically represent the day you have been planning, ever since you were a little girl.

'Every wedding is full of beautiful, natural, fleeting moments, so book a documentary photographer who will capture every second, taking artistic candid images which will allow you to relive your 'big day', again and again and again.'

Having been a professional photographer for over 20-years. I like to capture those little 'never-to-be-repeated' moments in time that allow you to keep forever. I do this by using natural light, so I become much less obtrusive, as I don't direct or dictate. This allows me to portray the day as it naturally unfolds.

Other than the odd, pre-planned traditional group photo, I spend the majority of the day photographing real and meaningful moments between family and friends. Weddings are full of short lived moments and so my style wholly allows me to remain in the 'heart of the action' without impacting on the day's atmosphere.

REVIEWS

“Mark was amazing during the whole wedding planning process until the first dance! He was informative and made everyone feel comfortable, even myself when our registrar arrived at our venue late. All of my guests were nothing but complimentary about Mark. They all said he was funny and was not awkward at all as some photographers may be. We received our photos very quickly and our bespoke USB box was a lovely gesture which we didn’t expect it to come in. We would highly recommend Mark to anyone looking for a funny, chatty professional who takes amazing photos and provides 5 star service!”

“We hired Mark as our wedding photographer, he was friendly and professional from start to finish.... on the day Mark turned up early, and straight away put everyone at ease. He was able to get everyone’s attention and make people smile and laugh for the photos with his great sense of humour... The quality of the photos were excellent. Thanks Mark!”

“A lovely engagement shoot with beautiful pictures. Mark even made my camera shy fiancé happy to have his photo taken. Can’t wait for the wedding photos.

The wedding was amazing, Mark captured it perfectly with great family photos and beautiful candid shots. Our photos came so quickly and we loved looking through them. We can’t wait to share them with our family and friends. Mark made everyone smile and really listened to what we wanted from the day.

Our package was incredible value for money and I can’t recommend HB Total Media enough!!”

*“We had our puppy as a flower girl and his way with her meant we got the most perfect photos. He captured the day perfectly! I would recommend Mark over and over again! 5***** service! Plus an incredible price! Do not hesitate to book, you will not regret! Thank you for everything Mark!”*
